

Self onboarding process on OpExWorks Manufacturing Cloud

OpExWorks Solutions Pvt. Ltd

OpExWorks

PAYG - Pay As You Go

To begin with self onboarding process on OpExWorks manufacturing cloud, visit http://www.opexworks.co and scroll to the bottom of the homepage until you reach the footer.

In the footer, look for the section titled **“Payment Method,”** and beneath it, you will find the option **“PAYG - Pay As You Go Model.”**

PAYG – Pay As You Go Model

How it Works ?

Step 1 – Set Up Your Account on OpExWorks Manufacturing Cloud 2026

Visit www.opexworks.co to create your account. You can select from three account types:

- **S1 – Bronze** : Designed for limited usage with a target spend of approximately INR 12,500 or USD 125 per year.
- **S2 – Silver** : Suitable for moderate usage, with a target spend around INR 25,000 or USD 250 per year.
- **S3 – Gold** : Intended for high usage, with a target spend of about INR 50,000 or USD 500 per year.
- **S4 - Platinum** : For intended Very High usage and Large Teams, avail Enterprise Plan. Connect with our Sales team.

You create your account on OpExWorks Manufacturing Cloud by making the upfront payment of the target spend amount as per the category of account opted by you - Bronze, Solver or Gold.

1. To know more about the active usage charges as per this PAYG - Pay As You Go model, click on the Pricing Table button.

OpExWorks

Subscription Plans

Four Subscription Plans Tailored to Your Master Data Needs

We offer four subscription plans, categorized by the volume of master data you generate.

Depending on your organization's size and its current needs and priorities, select a plan that suits you.

This choice will also determine the amount of usage credit you need to purchase during the onboarding process.
